# DIGITEACH

DIGITEACH project has reached its end

The project ran for two years, co-funded under the Erasmus+ programme and the Bulgarian National Agency to ensure learning continuity for all schools' learners – with particular attention for those with special education need (SEN) and on who suffer of Attention Deficit Hyperactivity Disorder (ADHD) by deploying digital tools and methods to deliver quality and inclusive education.

We thank you for following our progress and we hope that the project results will continue to be a valuable contribution for your professional work specifically:

- **DIGITEACH Platform (https://training.digi-teach.eu/)** where, by following our course, you can acquire digital pedagogical competences enabling them to deliver high quality inclusive digital education and safeguarding the inclusive nature of learning opportunities. The course is free of charge and available in: English, Bulgarian, Greek, Hungarian, Italian, Portuguese and Spanish.
- **SPECIAL INTEREST GROUPS (SIG)** by enrolling on the platform, you can access a SIG of your interest and interact with participants from other countries on some specific topics related to that group. The aim is to create an EU virtual community of practice of teachers/educators.
- **WEBSITE (https://www.digi-teach.eu/)** will continue to work and to be regularly updated. Go check it for further information on the project.
